Saturday night, before going to bed, remember to set your clocks **AHEAD** 1 hour!

Dr. David Jeremiah, in talking with people about faith would ask this question. "If you were going ice fishing on a frozen lake, would you rather have a little bit of faith in a section of ice four feet thick, or, a huge amount of faith in a section of ice one inch thick?" To his amazement, many chose to have a huge amount of faith in the thinner ice. Besides making a note to never go ice fishing with them – he pointed out that the object of their faith must be worthy of their faith, or the amount of faith will not matter. Where and what should be the object of our faith? A familiar song answers that question – "My hope is built on nothing less Than Jesus' blood and righteousness; I dare not trust the sweetest frame, but wholly lean on Jesus' name." The Solid Rock

Faith treats things hoped for as a fact and places confidence today in what has been promised for the future. It is an absolute conviction based on the assurance of God's unchangeable character. (God the same yesterday, today and tomorrow) God has, God is, and God will keep his promises. Copied
